## **The Best Motorcycle Dryer Company announces the arrival of the NEW Sidekick™!**

**Dateline: Nov. 23/06, Vancouver, BC**—Bikers all across Canada who would rather ride their bikes than clean them, have been discovering the awesome power of the Metropolitan Vacuum Cleaner Company's **Air Force© Blaster distributed by KMS Sportgroup Inc.**

Touted by many industry professionals as “the most powerful and efficient motorcycle dryer money can buy”, it consistently cuts bike drying time by 75-80%!

Just in time for the holiday sales season...KMS Sportgroup Inc. and the Metropolitan Vacuum Cleaner Company announce the addition of the Newest member of the Blaster® family.

**The Air Force© Blaster® SIDEKICK™** has been purposefully designed as an affordable, high quality, high performance, US made, super – compact portable dryer for the highly mobile riders of today.

The **Sidekick™** blows 18,000 fpm of high-velocity, dry, warm (20—25 degrees above ambient temperature) filtered air that safely blasts water off bikes in seconds. It leaves no spots or oily residue and completely eliminates “after streaking”—those annoying streaks that appear out of nowhere when you start riding because of missed, hidden water drops.

With the **Sidekick™**, water has no place to hide. Book now for Holiday sales!

The all-new, all-steel **Blaster Sidekick™** features a powerful 1.3 HP motor that is encased in a compact, 3 pound, 9.5 inch all steel case, made in the US. Delivering the same kind of dry, warm heated air as its bigger brothers , the **Sidekick™** is small and light enough to hit the road comfortably at any time.

**MSRP: \$135.00** cdn

**Metropolitan Vacuum Cleaner Co., Inc.**, the manufacturer of the Air Force Blaster/Master Blaster was established in 1939 in a small Bronx, NY storefront. From these humble beginnings, the company has evolved and grown into a large, multidivisional manufacturing corporation now headquartered in Suffern, New York. Over the last 66 years, Metropolitan has pioneered many industry firsts and today manufactures and markets such well known brands as **Data-Vac** computer cleaning systems, **Vac'N'Blo** automotive cleaning systems and **Magic Air** inflation systems, in addition to the **Air Force** motorcycle and pet dryer lines.
